

Mobile App | Quick Balance

Quick Balance is the easy way to check your available balance and recent transactions without having to log in. Follow the easy steps below to set up Quick Balance on your device.

Don't have our mobile app? Search for it in the app store from your mobile device.

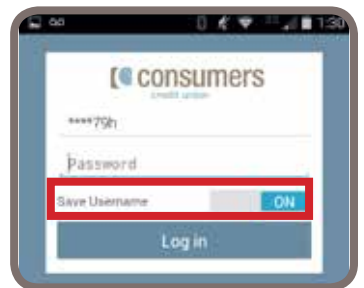

1

Open the Mobile App from your mobile device.

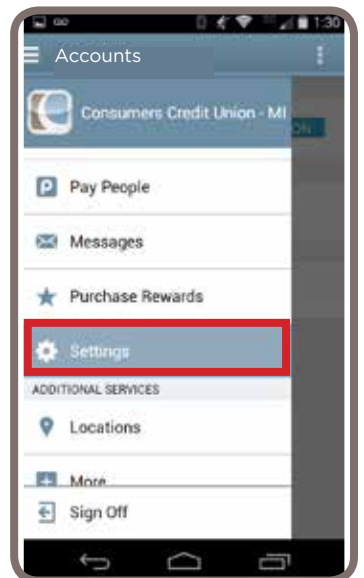

2

Log in to the Mobile App, be sure to **Save Username**.

3

From the **Accounts** menu, click **Settings**.

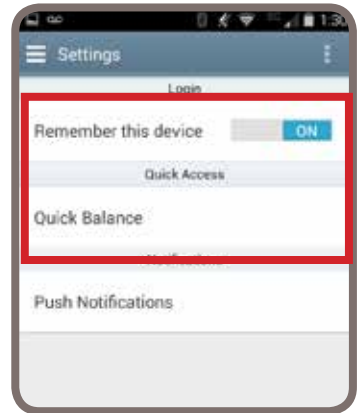

Mobile App | Quick Balance

4

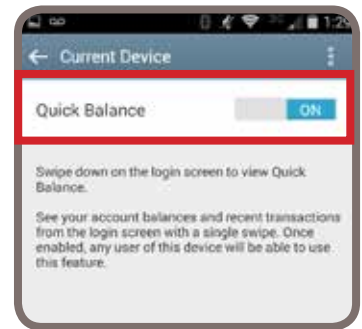

Under Settings, be sure **Remember this device** is turned on.

Then tap **Quick Balance**

5

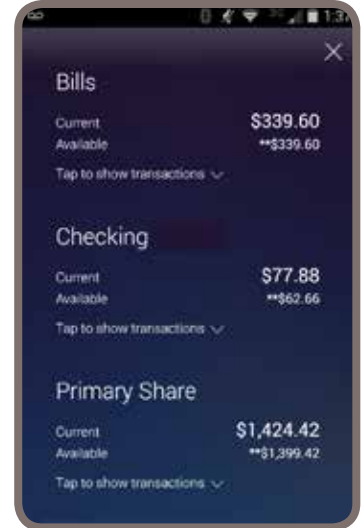

Turn on **Quick Balance**

Results

Now that Quick Balance is set up, from the log in screen of the Mobile App, swipe down to view your balances.

Note: Once enabled, any user of this device will be able to use this feature.

How it Works

- Changing your Username disables this feature.
- To use on multiple devices, you must enable on each.
- Once enabled, a chevron icon will appear at the top of the Sign On screen; tap icon to display balances.
- After a period of inactivity, the display will close.
- We recommend screen locking your mobile device.
